Release note EasySave 3.0

Bug Fixes

3.0 is now totally working, free of bug version.

1. Fixed XML randomly broken
2. Fixed progress bar sometimes not working properly
3. Fixed save / stop / resume button
4. Fixed stop bug
5. Fixed pause bug

Enhancement

The software (3.0) now supports:

1. Added priority file to full save

2. Added limit option to keep software from overloading network to full save

3. Added progress on differential save and full save

4. Added server to execute any save from remote computer

5. Multithreads save

6. Single instance App
